

Get on the Road to Success with CORA.

CORA Traveling PT Program

Pack your bags and hit the road! With the CORA Traveling PT Program, licensed physical therapists can live, work and explore different CORA communities across the Southeast, Mid-Atlantic and Midwest. You'll travel in 13-week rotations... all while receiving clinical and professional development and taking advantage of CORA's mentorship program.

CORA is a top 10 national outpatient PT provider with 250+ clinics in 10 states. Imagine living for a time in places like historic Savannah, the Blue Ridge Mountains in North Carolina, or in any one of several communities near the beach in Florida. Here's your chance to meet new people and experience new working environments without having to learn new systems each time.

Give our patients the world while seeing a little of it yourself. Find out more by contacting Michelle Wilson at mwilson2@corahealth.com.
